

FLP Background

In 2009 the Defense Language Institute Foreign Language Center (DLIFLC), School of Distance Learning created what is now known as the FAO Language Program, and in coordination with Defense Language and Security Education Office (DLNSEO), 24 MOS-specific domains were adopted for our online Advanced Language Enhancement Courses (ALEC) which also serve as the core topics for our **online facilitated FAO courses**.

Since then, ALEC courses have continued to evolve and engage learners with cutting-edge online lesson content ranging from Interagency Language Roundtable (ILR) levels 2 to 3+. We are driven to provide authentic materials and training to meet the needs of the greater FAO community.

Our facilitated courses are tailored to the FAO's MOS, reported DLPT scores and working ILR level(s). We are here to help you prepare for your next field assignment, upgrade your DLPT record, and meet your annual language training requirements – all which support FLPP pay and professional development gains.

Scheduling

For facilitated courses we need a minimum 2-week lead time to arrange faculty assets. These courses are provided free-of-charge and scheduling is based upon faculty availability. Course request forms are available online at the FAO milSuite page and can be provided directly from us via email:
